Event / Track Participated In: E-Summit

OBJECTIVE OF PARTICIPATION

The primary objective of participating in **E-Summit IIT Bombay** was to gain exposure to the national entrepreneurship and startup ecosystem and to understand the practical aspects of building and scaling innovative ventures. The summit provided valuable insights from experienced entrepreneurs, industry leaders, and investors through keynote sessions, panel discussions, and workshops. It aimed to enhance entrepreneurial thinking, leadership skills, and problem-solving abilities by bridging the gap between academic knowledge and real-world business challenges. Another objective was to network with like-minded students, startup founders, and ecosystem enablers from across the country, encouraging collaboration and idea exchange. The learnings from the event are intended to contribute to personal development and to foster an entrepreneurial culture within the institution.

ABOUT E-SUMMIT IIT BOMBAY

E-Summit IIT Bombay is a flagship national-level entrepreneurship event organized annually by the Entrepreneurship Cell (E-Cell), Indian Institute of Technology Bombay. The summit serves as a prominent platform that brings together entrepreneurs, startup founders, investors, venture capitalists, policymakers, and students from across the country. It aims to promote innovation, entrepreneurship, and leadership by providing exposure to the real-world startup ecosystem.

The event features keynote addresses by renowned industry leaders, panel discussions on emerging business trends, startup funding and innovation, hands-on workshops, competitions, and networking sessions. E-Summit IIT Bombay plays a vital role in nurturing young entrepreneurial talent by offering mentorship opportunities and insights into business ideation, validation, and scaling.

By connecting aspiring entrepreneurs with experienced professionals and ecosystem enablers, the summit contributes significantly to strengthening India's startup culture and encouraging students to pursue innovation-driven initiatives.

3. Ace The Case

4. Bid & Build

- Networking Sessions

1. COM.BOT

2. Skill Connect

3. XAUMONEY

4. Levyug Pvt Ltd

KEY LEARNINGS & OUTCOMES:

- Startup ecosystem exposure

Gained a comprehensive understanding of the startup ecosystem, including idea generation, market validation, product development, scaling strategies, and the roles of incubators, accelerators, and mentors in supporting early-stage startups.

- Funding and innovation insights

Developed insights into startup funding stages such as bootstrapping, angel investment, and venture capital, along with an understanding of investor expectations, pitch strategies, and the importance of innovation in creating scalable and sustainable business models.

- Leadership and networking skills

Enhanced leadership and communication skills through interactions with entrepreneurs, industry experts, and peers, while building meaningful professional networks that encourage collaboration, mentorship, and future entrepreneurial opportunities.

BENEFITS TO STUDENT & INSTITUTION

Benefits to Student:

- Entrepreneurial mindset

Developed an entrepreneurial mindset by learning to identify problems, think creatively, take calculated risks, and adapt to challenges. The experience encouraged innovation, resilience, and proactive thinking, motivating students to explore entrepreneurship as a viable career path.

SANTHIRAM ENGINEERING COLLEGE: NANDYAL

(AUTONOMOUS)

Approved by AICTE : New Delhi, Accredited by NAAC (Grade-A),
