Report on Participation in Smart India Hackathon Grand Finale 2K25 at KIT College of Engineering, Kolhapur

Regd.No: 24X51A3247

Date:10.12.2025

Name of the student: J.Sai Sanath

Year & Sem: II-II

Our visit to **KIT, Kolhapur** for the **Smart India Hackathon**, conducted by the **Government of India**, was a highly informative, inspiring, and enriching experience. The hackathon provided us with an excellent platform to understand how innovation, technology, and problem-solving can be applied to real-world challenges faced by society and industry.

Day-1: 08.12.25

The event was well organized, with an encouraging and competitive environment that motivated participants to think creatively and work collaboratively. The first day of the hackathon began with registration and orientation, where participants were briefed about the rules, evaluation criteria, and timeline. The guidance and support provided by the mentors, coordinators, and volunteers were extremely helpful throughout the event.

Day-2: 09.12.25

Later was focused on implementation, testing, and presentation. The team worked intensively to complete the functional modules of the project. On the day evaluation 2nd round happened along third round mentoring session. The final evaluation is closed at 5:30pm in the evening. The visit to **KIT, Kolhapur** also gave us an opportunity to experience a professional and innovation-driven academic environment. The faculty and organizing team were very supportive and ensured a smooth and comfortable experience for all participants.

Signature of the Student
