Dear Dr JAVID,

Thank you for agreeing to join the Editorial Board of Scientific Reports. We're delighted to welcome you to the team and look forward to working with you.

To help you settle into your new role, here's what to expect over the coming weeks:

Start with the Welcome Course

You'll receive an invitation to join our Editorial Community and access to the Welcome Course within the next 1–2 business days. Before handling your first manuscript, we ask all new Editorial Board Members to complete this brief 20-minute training which introduces you to your role, outlines key expectations, and ensures you have the tools and knowledge you'll need to succeed.

While the course remains available for three months after having received access, we strongly encourage you to complete it as soon as possible - ideally before your first manuscript assignment- to ensure you're fully prepared.

Prepare for your first assignment

Unless you've specified an alternative start date, you can expect to start receiving invitations to handle manuscripts within the next two weeks. Before this, you will receive access to our peer review system, and your name will be added to the journal website.

Please look out for an email from do-not-reply@springernature.com with instructions to set up your Snapp account. To avoid missing it, we recommend adding this address to your approved sender list.

Stay connected

By way of thanks for your presence on the Editorial Board, we would like to offer you a complimentary personal digital subscription to Nature. To redeem your subscription complete [this form](#).

You are also entitled to a 20% APC discount when you choose to publish your work with us – this can be claimed by emailing editorsupport@springernature.com. Once your submission has been accepted you can input this token into the payments system to reduce the standard APC charge by 20%.

We're here to support you every step of the way. If you have any questions or need assistance, please don't hesitate to reach out to us at editorsupport@springernature.com.

Once again, welcome to the Editorial Board. We're excited to have you with us and hope you enjoy your new role.

Yours sincerely,

Shweta Bhinge

On behalf of Dr Rafal Marszalek, Chief Editor, Scientific Reports
