A Report on SMART INDIA INTERNAL HACKATHON -2025

Date(s) : 20.09.2025

Organizing Dept. : Dept of CSE, SANTHIRAM ENGINEERING COLLEGE,
Nandyal Dist., AP

No. of Teams Participated : 18 Teams

The Smart India Internal Hackathon (SIIH) 2025 at Santhiram Engineering College (SREC) in association with IIC and IEEE Student Branch STB17901 and IEEE Computer Society SBC17901B is set to inspire and engage students by providing a platform to tackle real-world challenges with innovative solutions. This national event, under the Ministry of Education's Innovation Cell, aims to bring together talented students to work on practical problems, collaborate with peers, and gain valuable insights from industry mentors.

At SREC, we are dedicated to fostering an environment of creativity and hands-on learning. SIH 2025 will not only enhance students' technical and problem-solving skills but also bridge the gap between academic theories and industry practices. We invite all students to seize this opportunity to showcase their talent, drive innovation, and contribute to making a meaningful impact.

About the Event:

The Smart India Internal Hackathon (SIIH) 2025 is an exciting initiative that empowers students to design innovative solutions for real-world challenges. This national-level hackathon provides a platform to address problems posed by government agencies, industries, and social enterprises. Participants will explore diverse problem statements, receive guidance from expert mentors, and engage in hands-on coding and development sessions. Teams will showcase their solutions to a panel of distinguished judges, gain constructive feedback, and compete for attractive prizes. By bridging practical challenges with academic learning, SIH 2025 encourages creativity, sharpens problem-solving skills, and equips students to meet the demands of the future industry landscape.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

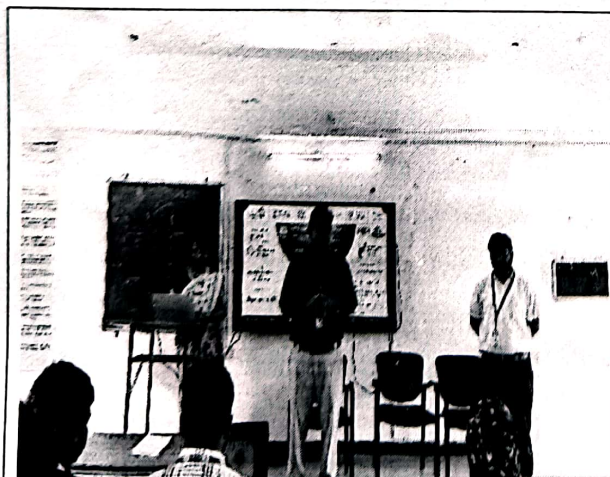

Objective:

The objective of the Smart India Internal Hackathon (SIIH) 2025 is to **encourage students to develop innovative, practical solutions to real-world problems**, enhance their technical and problem-solving skills, foster creativity, and prepare them for future challenges in industry and society. The hackathon also aims to provide **mentorship, collaboration opportunities, and a competitive environment** that bridges academic knowledge with hands-on experience.

1. **Ignite Creativity:** Inspire students to develop practical solutions for real-world challenges.
2. **Build Competence:** Strengthen technical, problem-solving, and essential soft skills.
3. **Collaborate & Connect:** Promote teamwork and interdisciplinary learning.
4. **Link with Industry:** Provide mentorship and real-world insights from experts.
5. **Impact & Innovate:** Encourage ideas with entrepreneurial potential and societal benefits.

These objectives aim to make the SIIH 2025 a comprehensive and impactful experience, contributing to both personal and professional growth for all participants.
