### **Report of the Event**

Program Title	: A Webinar on <b>“How to be a World-Class Researcher?”</b>
Organized By	: Department of CSE, SREC
Date	: 20-12-2025
Mode	: Virtual
Speaker	: Prof. Sudip Chakraborty, University of Calabria, Italy

### **Event Details :**

Santhiram Engineering College (Autonomous), Nandyal, successfully organized a one-day virtual webinar titled “How to be a World-Class Researcher?” on 20th December 2025. The webinar was conducted with the objective of enhancing research awareness and motivating students and faculty members to pursue high-quality research with a global perspective.

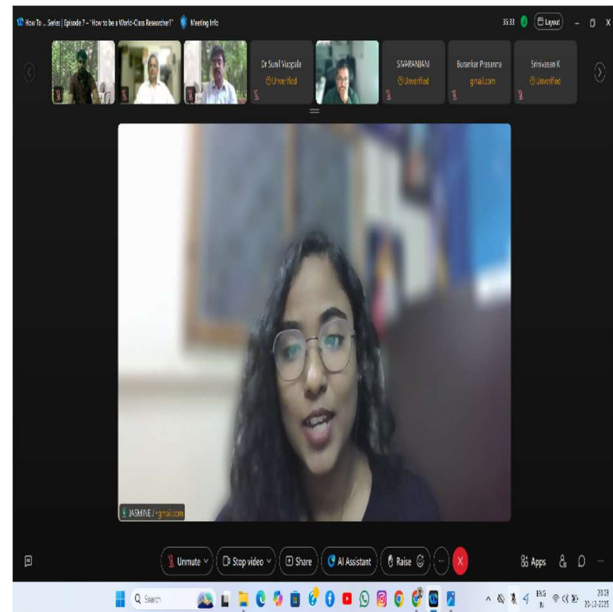

The session was delivered by Prof. Sudip Chakraborty, University of Calabria, Italy, who shared his vast academic and research experience. The speaker emphasized the importance of developing a strong research mindset, identifying impactful research problems, and adhering to ethical research practices.

During the webinar, key topics such as selecting appropriate research domains, understanding research methodologies, publishing in reputed international journals, and building international research collaborations were discussed in detail. The speaker also provided valuable insights into improving research writing skills, handling research challenges, and maintaining consistency in academic research.

The webinar witnessed enthusiastic participation from students and faculty members. An interactive question-and-answer session enabled participants to clarify their doubts related to research careers, publications, and higher studies abroad.

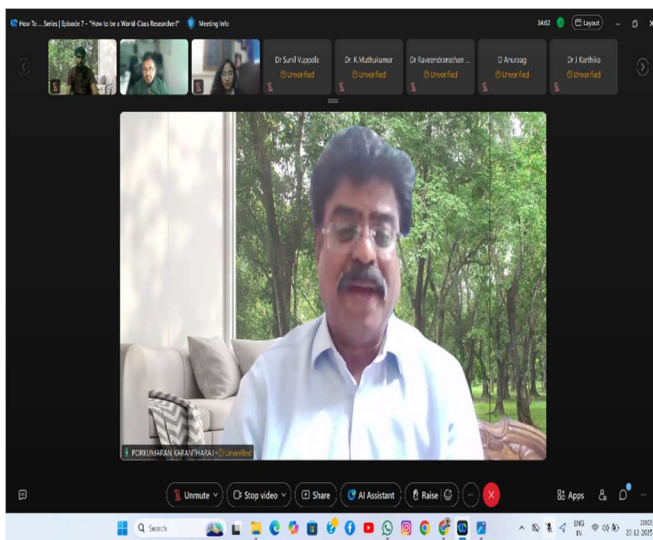

The program concluded successfully with positive feedback from participants. The webinar played a significant role in encouraging a research-oriented culture within the institution and inspired participants to strive towards becoming world-class researchers.
