MAINTENANCE POLICY

The institution shall ensure the effective operation and maintenance of all physical, academic, and support facilities, including classrooms, laboratories, library resources, IT infrastructure, electrical systems, and other common facilities. The maintenance activities shall be carried out through a well-defined mechanism involving the concerned departments and administrative authorities.

1. Classroom and Laboratory Maintenance

The responsibility for identifying maintenance requirements in classrooms and laboratories shall rest with the Class Representatives, Class Teachers, Laboratory Assistants, and Laboratory In-charges. Such requirements shall be reported to the respective Heads of the Departments, who shall examine the issues and forward them to the Principal. Minor maintenance activities shall be attended to by the Maintenance Supervisor. In cases where financial support is required, approval shall be obtained from the Principal before undertaking the necessary repairs and maintenance works.

2. IT Infrastructure Maintenance

The maintenance and monitoring of computers, networking facilities, software, and other IT resources shall be carried out under the supervision of the System Monitoring Committee In-charge. The Heads of the Departments shall coordinate the maintenance requirements and submit them to the Principal for necessary action to ensure uninterrupted functioning of the IT infrastructure.

3. General and Electrical Maintenance

The upkeep and maintenance of electrical installations, common facilities, and general infrastructure shall be monitored by the Floor In-charges.

Maintenance requirements identified by the Floor In-charges shall be reported to the respective Heads of the Departments and subsequently forwarded to the Principal. Routine maintenance shall be undertaken by the Maintenance Supervisor. Wherever expenditure is involved, prior approval and financial support from the Principal shall be obtained before carrying out the maintenance work.

4. Library Maintenance

The Librarian and Assistant Librarian shall be responsible for identifying and reporting maintenance requirements related to library infrastructure and facilities. Such requirements shall be communicated to the Principal through the Librarian. Routine maintenance activities shall be carried out by the Maintenance Supervisor/Librarian. In cases requiring financial assistance, the necessary approval shall be obtained from the Principal before undertaking the maintenance work.

5. Review and Monitoring

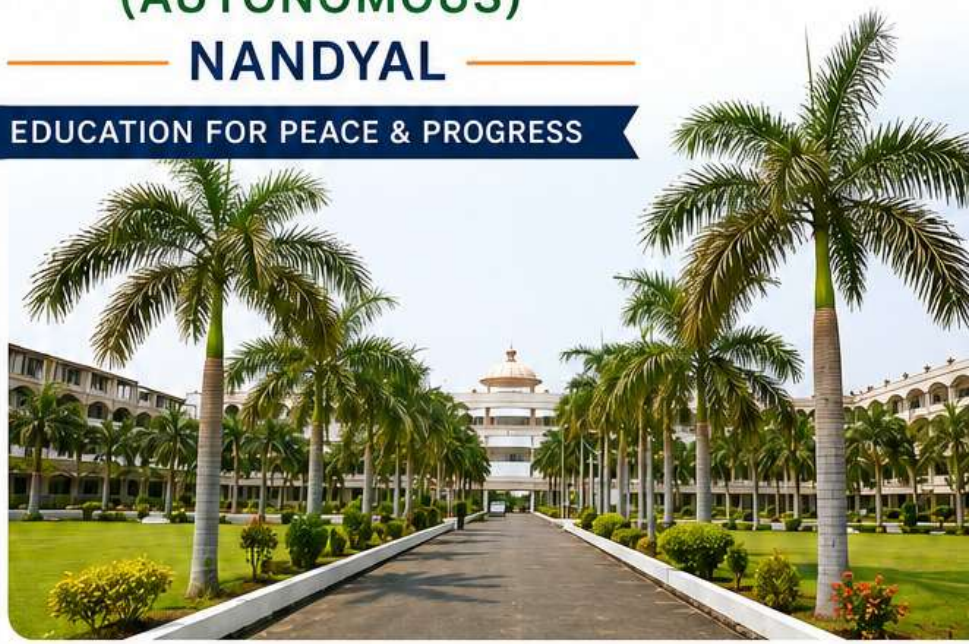

The Principal, with the support of the Maintenance Supervisor, shall periodically review the maintenance activities and ensure that adequate resources are made available for the upkeep and continuous improvement of the institutional facilities.
