Department of Physical Education

One week Physical Fitness Program on "LEZIMS"

One week physical fitness program on LEZIMS was organized by Department of Physical Education for all the students from 11th March 2019 to 16th March 2019.

LEZIMS exercise by participants at SREC College Ground

This program was started on Day 1 at 05:10 PM at SREC Grounds. All the students were attended to this program and they learned some basics about the LEZIMS. They did all the basics and performed well on this day. The session was closed at 06:10 PM.

Similarly they attended remaining days at same timings to the program. All are learned more things about the program which will help to improve their physical fitness. And finally the program was done all six days effectively and completed successfully.

Discussions and Closing ceremony: 04:00 PM to 04:30 PM

The session was continued with small discussions and the resource person clearly answered the student's doubts. Then the program ended with National Anthem at approximately 04:30 PM in the evening.

Out Come of the program:

- ✓ At times of anxiety, practice breathing slowly for a few minutes. Try and distance the thoughts that are making you anxious. Think of something calm and serene, and slow down your mind. When feeling angry and irritated, calming your mind, counting back from 10 to 1, distracting yourself helps.
- ✓ People with COVID-19 generally develop signs and symptoms, including mild respiratory symptoms and fever, on an average of 5-6 days after infection (mean incubation period 5-6 days, range 1-14 days). Most people infected with COVID-19 virus have mild disease and recover

Report of the Programme :

Name of the Program : Yoga for Spiritual Life

Academic year : 2020-2021

Date of the Programme : 20-1-2021

Resource person : M.Nageswar Rao

The Department of Basic Sciences has been organised yoga awareness programme “YOGA FOR SPIRITUAL LIFE” for all the I B.Tech students and faculty members of SREC on 20th January 2021 as the part of Induction programme. The resource person for this programme is Sri M.Nageswar Rao garu, yoga trainer, and spiritualist, nandyal. The Principal and the Resource person inaugurated the programme, at college seminar hall.

A few minutes of Yoga during the day can be a great way to get rid of stress that accumulates daily-in both the body and mind. Yoga postures, Pranayama and meditation are effective techniques to release stress. Meditation is Relaxation which gives calm mind, good concentration and Rejuvenation of the body and mind etc. Particularly for students Yoga is a great remedy to remove their tensions which definitely affects their health. In view of this, Basic Sciences department has conducted an awareness programme on Yoga and Meditation for all the students. The Yoga Guru Mr. Sri M.Nageswar Rao garu, trainer has taken classes with high level of dedication. He has also explained remedies for personal health problems to the participants with lot of patience.

SANTHIRAM ENGINEERING COLLEGE,
Nandyal, Kurnool Dist., AP

The Department of Basic Sciences organized an awareness program on “**The evolution of Human Computer: Micro-Mini-Macro computer**” on 25-02-2021 (FN) . I.B.Tech Students of CSE , CSE-Data Science and Faculty of SREC have participated in the program. The Inauguration was held on **25-02-2021** 10.30 AM in the conference hall followed by welcome speech and invitation the dignitaries on the dais. The Basic Sciences department HoD welcomed the gathering and delivered the Inaugural address. The Principal of SREC has introduced the chief guest **Dr.B.B.Prahladharao , Ex Director, CDAC, Bangalore** . The chief guest, while addressing the gathering stressed on the evaluation of human computer in various levels micro, mini and macro computer. Human-computer interaction (HCI) is an area of research and practice that emerged in the early 1980s, initially as a specialty area in computer science embracing cognitive science and human factors engineering. HCI has expanded rapidly and steadily for three decades, attracting professionals from many other disciplines and incorporating diverse concepts and approaches. To a considerable extent, HCI now aggregates a collection of semi-autonomous fields of research and practice in human-centered informatics. However, the continuing synthesis of disparate conceptions and approaches to science and practice in HCI has produced a dramatic example of how different epistemologies and paradigms can be reconciled and integrated in a vibrant and productive intellectual project. the session was very attractive and useful to the students .Principal and faculty of SREC felicitate the chief guest .

This Programme was very helpful for young students and faculty members .

Finally the program was ended with vote of thanks and the national anthem.
