### • Internal Quality Assurance Cell

The institution continuously monitors and evaluates the quality of teaching and its effect on student performance. As suggested by NAAC, an Internal Quality Assurance Cell (IQAC), is created and is entrusted with the responsibility of monitoring and evaluating the quality of teaching. Academic audits are conducted periodically to review the progress. Some of the measures undertaken for quality assurance include

- ✓ Maintenance of Teacher-student ratio
- ✓ Pedagogical training programmes for faculty
- ✓ Providing suitable environs for learning
- ✓ Effective student-teacher interaction
- ✓ Frequent updating of teaching methods used, based on evaluation

- **Mou's with Industries**

with Industries (minimum 3(10)) MOU sets out opportunities for collaboration and positive academic engagement between universities to mutually benefit, without establishing a formal legal relationship between the two institutions. In other words, adopt the best practices it serves as a platform where there can be cooperation on new or existing academic programmes, development of joint research activities, staff exchange and student exchange programmes can be carried out to both institutions. There can be scope for exchange of students opting for higher studies like doctoral and post doctoral programs and exchange of information in the form of publications and journals and other results of teaching and research. This can be for any purpose which is viewed to be potentially beneficial. That also depends on the age of the institute, the agenda of the institute as well as the brand which in turn helps a student derive or grab on opportunities as and when they arise.
