ABOUT THE INSTITUTE:

Aditya Institute of Technology and Management (AITAM). It is a premier engineering institute in Andhra Pradesh, located at Tekkali adjacent to NH-5 at a distance of 45 km from district head quarters, Srikakulam and 150 km from Visakhapatnam air port. It was established in 2001 by some philanthropic personalities with an urge to provide quality based technical education in East Coastal region. It has strong commitment to provide quality education in engineering, technology and management.

AITAM is an autonomous institute approved by AICTE, accredited by NBA, NAAC & recognized under 2(f) and 12(b) by UGC and permanently affiliated to JNTU - Kakinada. It is one among the few technical institutions in India participating in TEQIP Phase - II.

ABOUT THE DEPARTMENT :

The Department of Civil Engineering was established in the year 2011 with a vision of providing quality education in Civil engineering. The department is fully equipped with the state of art laboratories and well experienced faculty members. Now the intake of civil engineering is 120 in B. Tech and we also conducted P.G programme (M.Tech) in STRUCTURAL ENGINEERING from 2015.

Respected Sir,

Sub: Request to Attend workshop on Internet of Things -
RGM CET, Nandyal - Reg.

I am A. Raghavendra prasad, Asst. prof, Dep't of EEE,
SREC, Nandyal. Sir, I would like to attend workshop
on IOT conducting in RGM Engineering College, Nandyal
on 13/8/2016 to 15/08/2016. In this regard, please
allow me to attend workshop.

Thanking you Sir,

Yours Sincerely,

Raghu.

I, N.Sreenivasa Rao, Assistant Professor ,Department of Electronics & Communication Engineering, Santhiram Engineering College, Nandyal, requesting you to give permission to attend a 2 days workshop on **CS6712-Grid and Cloud Computing Laboratory on 5th and 6th August 2016** at Coimbatore. It may help to improve the quality of education to the students and to do the projects on IoT. So, Kindly accept my request and grant me permission to attend the FDP.

Thanking you,

Yours sincerely,

N.Sreenivasa Rao,
Assistant Professor,
Department of ECE,
Santhiram Engineering College.

To
Principal Sir
Munt

ABOUT THE WORKSHOP

Main objective of the workshop is to provide wide knowledge to the faculty members, researchers and students on various tool kits of grid and cloud environment. Through the workshop they can gain exposure to effectively handle the laboratory exercises as per the syllabus of CS6712-Grid and Cloud Computing Laboratory. Grid computing is the aggregation of resources from multiple sites so as to solve a problem that cannot be solved by using the processing of a single computer. It employs the use of multiple clusters that are loosely coupled, heterogeneous and are geographically dispersed. Cloud computing is a new technology of computer network, providing the web services at lower cost comparing to normal technique. It contributes to improve the resources in other related technologies such as Grid computing. Many computer resources such as hardware and software are collected into the resource pool which can be accessed by the users via the internet through web browser or light weight desktop or mobile devices.

By attending this workshop the participants will gain a deeper understanding of subject matter and specific mechanisms which really negatively benefits in the domain of Grid and Cloud Computing.

SUBMISSION OF REGISTRATION

A maximum of 50 registrations are permissible on the basis of first come first served and selected candidates will be intimated through e-mail. The registration amount has to be paid in the form of Demand Draft in favour of "KPR Institute of Engineering and Technology", payable at "Coimbatore".

IMPORTANT DATES

Last date for submission of application: 29.07.2016
Acceptance notification: 01.08.2016

REGISTRATION FEE

UG/PG Students/Academician: Rs. 2,500
Research Scholars

RESOURCE PERSONS

Sessions will be handled by experienced personnel from C-DAC, Chennai.

WORKSHOP CONTENTS

Session I

- Cloud Computing (Theoretical view)
- Introduction and Comparison between Grid and Cloud Computing
- Various Open source Cloud Platforms/Open Models
- OpenStack & Eucalyptus
- Virtualization

Session II

- Cloud setup: Eucalyptus, Opennebula & OpenStack (Practical)
- Cloud setup using Eucalyptus, Opennebula
- Cloud setup using OpenStack
- Virtualization
 - Virtual Machine: functions of different configurations and attributes
 - Virtual block storage
 - Storage controller installation and its interaction

Session III

- Grid and Globus Toolkit (Theory & Practice)
- Globus Toolkit installation and Configuration
- Web services context using Globus Toolkit
- Application development using Java as C/C++ Grid APIs
- Grid Portal Development and other Grid related exercises

Session IV

- Webmap
- Setup of Java with Hadoop cluster and executing
- Using APIs of Hadoop to interact with programs
- Demonstrating the use of Map and Reduce tasks

Two Days National Level Workshop on "CS6712-Grid and Cloud Computing Laboratory"

on
5th & 6th August 2016

Organized by

Chief Technical Officer

ABOUT THE INSTITUTION

The KPR Institute of Engineering and Technology (KPR IET) was established in the year 2009. The institution is promoted by KPR Group, a renowned business house in India with interest in Textiles, Food, Energy, and Sugar. The main focus is to offer quality education to the younger generation to strengthen our status in the field of Engineering and Technology. Our institution is approved by AICTE and affiliated to Anna University, Chennai and accredited by NAAC with A grade. The institution offers 5 UG courses in B.E. - Mechanical Engineering, Civil Engineering, Electronics & Communication Engineering, Electrical & Electronics Engineering, Computer Science and Engineering and 4 PG courses in M.E. - CAD/CAM, VLSI Design, Computer Science and Engineering and Structural Engineering. The vision is to become a premier Engineering and Technological Institute of Academic excellence through its commitment in offering value based education to its students and to improve their technical, intellectual and Professional skills in order to enable them to meet the diverse needs and challenges of the society, the Nation and the World at large.

ABOUT THE DEPARTMENT

The department of CSE is offering an UG/PG degree program started in the year 2010 with an intake of 60 and now the department holds an increased intake of 120. The department has its laboratories and internet facility is provided throughout the campus for both used and its dissemination. Also the department has a well-planned infrastructure and a growth oriented departmental activities such as engineering seminar, workshop, FDPs etc.

Mail: cdac@kpr.ac.in

To mark the beginning to a great collaborative cloud environment, KPR IET gets into memorandum of understanding with centre for development of

Through this we establish an academic community cloud for the research and academic purpose. The researchers can gain exposure to provide sustainable distributed cloud environment and utilize the cloud services for academic research and development activities.

ABOUT THE WORKSHOP

Main objective of the workshop is to provide wide knowledge to the faculty members, researchers and students on various real time of grid and cloud environment. Through this workshop they can gain exposure to effectively handle the laboratory exercises as per the syllabus of CS6712-Grid and Cloud Computing Laboratory. Grid computing is the segregation of resources from multiple sites so as to solve a problem that cannot be solved by using the processing of a single computer. It employs the use of multiple clusters that are loosely coupled heterogeneous and are geographically dispersed. Cloud computing is a new technology of computer network, providing the web services at lower cost comparing to normal technique. It contributes to improve the services in other related technologies such as Grid computing. Many computer resources such as hardware and software are collected into the resource pool which can be accessed by the users via the internet through web browser or light weight desktop or mobile devices.

By attending this workshop the participants will gain a deeper understanding of subject matter and specific techniques, which leads exponential benefits in the domain of Grid and Cloud Computing.

SUBMISSION OF REGISTRATION

A maximum of 50 registrations are permissible on the basis of first come first served and selected candidates will be intimated through e-mail. The registration amount has to be paid in the form of Demand Draft in favor of "KPR Institute of Engineering and Technology", payable at "Coimbatore".

IMPORTANT DATES

Last date for submission of application: 29.07.2016
Acceptance Notification: 01.08.2016

REGISTRATION FEE

UG/PG Students/ Academicians: Rs. 2,500
Research Scholars

RESOURCE PERSONS

Sessions will be handled by experienced personnel from C-DAC, Chennai.

WORKSHOP CONTENTS

Session I

- Cloud Computing (Theoretical view)
- Introduction and Comparison between Grid and Cloud Computing
- Various Open source Cloud Platforms (Open Nebula, OpenStack & Eucalyptus)
- Virtualization

Session II

- Cloud Setup - Eucalyptus, Opennebula & OpenStack (Practical)
- Cloud setup using Eucalyptus, Opennebula
- Cloud setup using OpenStack
- Virtualization
- Virtual Machine Migration of different configurations and applications
- Virtual block storage
- Storage controller installation and its interaction

Session III

- Grid and Globus Toolkit (Theory & Practical)
- Globus Toolkit installation and Configuration
- Web service services using Globus Toolkit
- Application development using Java or C++ Grid APIs
- Grid Portal Development and other Grid related exercises

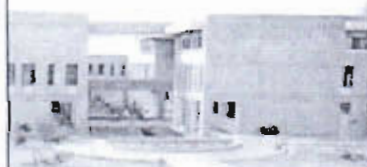

Session IV

- Hadoop
- Set up of our node Hadoop cluster and working
- Using APIs of Hadoop to interact with programs
- Demonstrating the use of Map and Reduce tasks

ABOUT THE INSTITUTION

The KPR Institute of Engineering and Technology (KPRIT) was established in the year 2009. The institution is promoted by KPR Group, a renowned business house in India with interest in Textiles, Food, Energy, and Sugar. The main focus is to offer quality education to the younger generation to strengthen our status in the field of Engineering and Technology. Our institution is approved by AICTE and affiliated to Anna University, Chennai and accredited by NAAC with A grade. The institution offers 5 UG courses in B.E. - Mechanical Engineering, Civil Engineering, Electronics & Communication Engineering, Electrical & Electronics Engineering, Computer Science and Engineering and 4 PG courses in M.E. - CAD/CAM, VLSI Design, Computer Science and Engineering and Structural Engineering. The vision is to become a premier Engineering and Technological Institute of Academic excellence through its commitment in offering value based education to its students and to improve their Technical, Intellectual and Professional skills in order to enable them to meet the diverse needs and challenges of the society, the Nation and the World at large.

ABOUT THE DEPARTMENT

The department of CSE is offering six UG/PG degree programs started in the year 2010 with an intake of 60 and now the department faculty is increased with 120. The department has six laboratories and internet facility is provided throughout the campus. Its back end and its Proximity is also the department has a well planned infrastructure and a growth oriented department activities such as organizing seminar, workshop, FDPs etc.

Met with C-DAC Chennai

To mark the beginning to a great collaborative cloud environment, KPRIT gets into memorandum of understanding with centre for development of

Through this we establish an academic community cloud for the research and academic purpose. The researchers can gain exposure to advanced worldwide distributed cloud environment and utilize the cloud services for academic research and development activities.

About the College :

N.B.K.R. Institute of Science & Technology, Sponsored by Harijana Vidyarthi Udhara Sangam (HVUS), Vakadu founded by Padmasri Nedurumalli Balakrishna Reddy, was established in 1979. The Institute is located in a sprawling 185 acre site on the bank of the river Svarnamukhi at Vidyanagar, Nellore Dt., Andhra Pradesh. The Institution is about 135 kms from Chennai and 95 kms from Tirupati. Vidyanagar is located 18kms from Chennai-Kolkata High way. Gudur Jn is the nearest railway station (25km).

N.B.K.R. Institute of Science & Technology has earned a reputation as an Institution of Excellence in Andhra Pradesh. Since its inception, utmost importance has been given to discipline and quality education. The institute is also awarded with college with potential for excellence by University Grants Commission, New Delhi. The Institution is approved by AICTE and all courses have been accredited thrice by National Board of Accreditation, AICTE.

The institution has got autonomous status from the academic year 2013-2014. The Institute is an ISO 9001-2008 Certified one. Also, the Institute has been re-accredited by NAAC (UGC) with 'A' Grade.

The Institute offers B.Tech. Courses in Civil Engg., Electrical & Electronics Engg., Electronics & Communication Engg., Mechanical Engg., Computer Science & Engg., & M.Tech. Courses in Power Systems, Computer Science & Engineering, Digital Electronics & Communication Systems and Advanced Manufacturing Systems. The Institute also has JNTUA recognized Research Center in Electrical & Electronics Engg., Electronics & Communication Engg., and Mechanical Engg.

The Institute has comprehensive facilities needed for top class Engineering Education. All the Computer Centers in the campus are connected with Optical Fiber network LAN and Internet facility is provided even beyond working hours.

About the Department:

The department of ECE has well equipped laboratories, two well established computer centers with internet connectivity, excellent library & highly qualified faculty members to impart knowledge in the areas of DSP, Microprocessors, VLSI Design, Embedded System, RF Satellite, Optical & Wireless Communications.

About the Programme:

Micro controllers are single chip computers, integrating processor, memory and other peripheral modules into a single System-on-Chip (SoC). Apart from input-output ports, the peripherals often include timers, data converters, communication modules. It will be followed by a complete overview of microcontrollers covering 8051. This course also explains in detail about the architecture and special function registers of 8051 and focuses on the learning way to program features like I/O ports, Serial port, timers, counters and most interesting thing will be to do all with interrupts. microcontrollers are single chip computers, integrating processor, memory and other peripheral modules into a single System-on-Chip (SoC).

Department of ECE which will be organized by N.B.K.R.IST in association with **Capricot Technologies Pvt. Ltd.**

Objective:

Upon the successful completion of this course, learner will be able to:

Understand the working of processors and controllers.

Understand the architecture of ARM processor.

Understand the different addressing modes of ARM.

Understand ARM string instructions.

Understand macros and explain interrupts.

Understand various interfacing memory and I/O devices with ARM.

Gain comprehensive knowledge about architecture and addressing modes of 8051.

Program basic applications with seven segments LCD and LEDs.

Use external interfaces in various embedded system projects

Implement the middle level programming and interfacing concepts in 8051.

Registration:

Participants are requested to bring bonafide certificate from their respective institutes and submit along with registration form on the day of event. For workshop registrations, visit www.nbkrist.org.

ADVANCED MICRO PROCESSOR & MICROCONTROLLER

Department of E.C.E., N.B.K.R.I.S.T.

Registration Form

1. Candidate Name : K. Lakshmi Narasimha
2. Designation : Assistant Professor
3. Gender : M/F
4. Institute Name : Santulam Engg. College
5. Institute Address : Nandyal, Kurmool
6. Mobile No. : 9000893631
7. E-mail ID : klnarasimha@gmail.com
8. Accommodation : Yes/ No

Place :
Date : 
Signature of the Candidate

Sponsored Certificate:

Mr. /Ms. is a employee of our Institute. If selected, the applicant will be permitted to participate in the above programme.

Date : Signature & Seal of the
Director/ Principal

(Xerox copies of registration form can be used if necessary)

Important Dates:

Last date for receipt of
filled in Applications: 10th Sept 2016

Date of intimation
regarding selection: 11th Sept 2016

Note:

- i. Registration forms can also be downloaded from the Institute website.
- ii. Registration Fee is Rs. 1000/- per participant which includes Registration kit, Boarding & Lodging.
- iii. No TA/ DA is provided to the participants.

Department of Electronics &
Communication Engineering
BVRIT-Hyderabad

BV Raju Institute of Technology,
Medak, Telangana

Three Days FDP
ON

Emerging Opportunities of Research
and Development in VLSI
(19th to 21th ,October ,2016)

Organized by
Department of Electronics & Communication
Engineering
BVRIT-Hyderabad

About BVRIT

BVRIT HYDERABAD, the youngest offspring of Sri Vishnu Educational Society (SVES) founded by Chairman Sri KV Vishnu Raju in 2012. BVRIT HYDERABAD is just not another Engineering college in Hyderabad. It was established in the year of 2012 with the clear vision & mission to empower the women to aspire for a better career in their life. It was started with an intake of 240 students of four different branches EEE, ECE, CSE and IT. But through consistent academic excellence, the college could extend the intake up to 480 students. The Institute is duly approved by All India Council for Technical Education and the Government of Telangana State and is affiliated to Jawaharlal Nehru Technological University HYDERABAD.

The college encourages and supports the students to participate in national and international level events like "World Skill Competition", "FossAsia", Google Summer of Code and many more which provides them a different career exposure. When the whole society is focusing on diversity in every field then BVRITH is like a stone on the pillar to motivate and groom those aspiring women who want to make a mark in the society. As a whole, BVRIT Hyderabad is a family of aspiring students, supportive parents, committed faculty and visionary management who all are working together to make a difference in education field.

Vision

To emerge as the best among the institutes of technology and research in the country dedicated to the cause of promoting quality technical education.

Mission

- ❖ Achieve academic excellence through innovative learning practices.
- ❖ Enhance intellectual ability and technical competency for a successful career.
- ❖ Encourage research and innovation emphasis on leadership skills, life skills and human values.

About the Department:

The main objective of the Department is to impart quality education, training and research in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems.

The Department is supported by a fine amalgam of eminent and dynamic faculty members diversified in various domains like communications, Signal Processing, VLSI and Embedded Systems, striving continuously in providing quality education. They are also encouraged to collaborate with faculty members from other disciplines, both within and outside the institute. The alumni who are in the top echelons of industry talk about the academic strength of the department.

Vision

To emerge as a center of academic and research excellence in Electronics and Communication Engineering and create globally competent women technocrats with a high degree of social consciousness in a holistic learning environment

Mission

- ❖ To provide quality education to the students with emphasis on training related to latest technologies as per industrial needs
- ❖ To impart research culture, professional ethics and moral values to the students by committed and competent faculty striving for excellence.
- ❖ To inculcate a perceptive alacrity in students to identify real life problems, formulate strategies and evolve into contextually effective solutions

Course Outline:

Course consists of series of lectures on the following topics along with hands on

- Basic Technologies and Design Challenges in VLSI, Trends, Challenges and Opportunities in Wireless Communication IC Design
- Digital Design using FPGA, Implementation of Signal processing Algorithm on FPGA
- Architectural Techniques for VLSI Implementation of DSP algorithms
- System-on-Chip Design using FPGA
- Microelectronic Devices and Circuits in light of VLSI
- EMI Immune CMOS IC Design in light of VLSI

Eligibility: The Programme is open to all the faculty members of the All Institution. The selection will be based on first cum first serve

Registration

registration fees for the participants: 900/-

The application in the prescribed format has to be sent to the coordinator on or before 16th oct 2017. The incomplete applications will not be considered.

How to Apply: The filled in registration form in the prescribed form duly signed by appropriate should reach the FDP institution coordinator by email. Selection will be intimated only through mail.

About BVRIT

BVRIT HYDERABAD, the youngest offspring of Sri Vishnu Educational Society (SVES) founded by Chairman Sri KV Vishnu Raju in 2012. BVRIT HYDERABAD is just not another Engineering college in Hyderabad. It was established in the year of 2012 with the clear vision & mission to empower the women to aspire for a better career in their life. It was started with an intake of 240 students of four different branches EEE, ECE, CSE and IT. But through consistent academic excellence, the college could extend the intake up to 480 students. The Institute is duly approved by All India Council for Technical Education and the Government of Telangana State and is affiliated to Jawaharlal Nehru Technological University HYDERABAD.

The college encourages and supports the students to participate in national and international level events like "World Skill Competition", "FossAsia", Google Summer of Code and many more which provides them a different career exposure. When the whole society is focusing on diversity in every field then BVRITH is like a stone on the pillar to motivate and groom those aspiring women who want to make a mark in the society. Respected sir,

Sub: Requisition for permission to attend a 5 day Faculty Development Program on Design and Analysis of RF Antennas using HFSS Software, SASI Institute of Technology & Engineering, Tadepallegudem-Reg.

I, S Abdul Malik Assistant Professor, Department of Electronics & Communication Engineering, Santhiram Engineering College, Nandyal. Here I'm requesting you to give permission to attend a 5 day FDP on Design and Analysis of RF Antennas using HFSS Software, SASI Institute of Technology & Engineering, Tadepallegudem from 07-11-2017 to 11-11-2017. It may help to improve the knowledge of this topic. So, kindly accept my request and grant me permission to attend the FDP.

Thanking you,

Yours Obediently

S Abdul Malik

Assistant Professor,
Department of ECE,

Faculty Development Program

on

"DESIGN AND ANALYSIS OF RF ANTENNAS USING HFSS SOFTWARE"

07th to 11th November 2017

In association with

IETE VIJAYAWADA CHAPTER

सह वीर्यं कर्त्तावहे
Institution of Electronics &
Telecommunication Engineers

Convener

Dr. T. J. V. Subrahmanyeswara Rao

Professor & HOD

Organized by

Department of

**ELECTRONICS AND COMMUNICATION
ENGINEERING**

(Approved by AICTE, New Delhi, Permanently Affiliated to JNTUK, Kakinada and SBTET-Hyderabad, Accredited by NAAC with 'A' Grade and NBA, Recognized by UGC 2(f) & 12(B)), Ranked as 'A' Grade by Govt. of A.P.,
Kadakatla, TADEPALLIGUDEM- 534 101

ABOUT THE INSTITUTION

SASI Institute of Technology & Engineering started in the year 2002, and it has set to compete with the best in the state. There are eight departments offering seven undergraduate and six postgraduate courses. The campus is located amid lush green fields in the spacious area of 28 acres offer world class facilities. SITE believes in creating and disseminating knowledge and skills in core and frontier disciplines through innovative educational programmes, Industrial Training, Research & Consultancy, it also aims at developing a new cadre of Professionals with a high level of Competence, deep sense of Social Commitment, and Ethics. SASI stands with highest success rate not only in academic lines but also in placements. The College has excellent infrastructure, well equipped laboratories and highly qualified and experienced faculty. SITE approved by AICTE-NEW Delhi, accredited by NBA & NAAC with "A" grade, permanently affiliated to JNTUK Kakinada, recognized by UGC 2(f) & 12(B)) and ranked as "A" grade by Government of AP.

ABOUT THE DEPARTMENT

The department of ECE has excellent infrastructure facilities, laboratories and experienced faculty. The mission of the department is to provide quality and effective training program in the domain of Electronics and Communication Engineering through curriculum, state of art laboratories, industrial collaborative programs, effective learning and teaching process, extra and co-curricular activities. The department is well equipped with advanced hardware like Vertex5, ARM9 and Rabbit Core and Software tools like MATLAB, Multisim, Xilinx & Mentor Graphics with latest versions.

ABOUT THE PROGRAM

The requirement for efficient and low profile antennas has fuelled research work in the development of antenna structures with performance considerably enhanced over the traditional antenna structures and methodologies. This program is planned to provide platform for the research scholars and academicians with view to explore and exchange the information on the progress of RF antenna designs. It focuses on the applications of advanced artificial materials for the antenna design and to create concrete foundation for further implementation of communication devices using HFSS software. It brings together the aspirants towards the industrial needs in the field of communication. During this FDP all the participants will have hands on experience with the antenna simulation tool HFSS and also able to design and simulate different models of antennas.

Contents of the program

1. Basic Antenna Theory
2. Different Feeding Techniques Using HFSS
3. Frequency Selective Surfaces Using HFSS
4. Defected Ground Structures(DGS) using HFSS
5. Ultra-wideband antennas Design using HFSS.
6. Design of MIMO Antennas using HFSS
7. Meta-material Antennas
8. Open research issues.

ELIGIBILITY

The program is open to all faculties, Research Scholars and M.Tech students of Engineering colleges/ universities and industry personnel's working in the allied research areas.

RESOURCE PERSONS

Dr. N.V.S Narasimha Sarma
Professor, NIT Warngal

Dr. B.T.P Madhav
Professor, KL University

Mr. N. Pavan Kumar
HOD & Technical Manager,
ARK Infosolutions Ltd., Hyderabad.

Mr. Vishumendra
Senior Application Engineer,
ARK Infosolutions Ltd., Hyderabad.

HOW TO REACH

The college is located on NH-16 between Vijayawada and Vizag. It is located 110kms from vijayawada. From Tadepalligudem Railway station it is just 3kms and from Bus station it is only 2kms away.

REGISTRATION

The number of registrations are restricted to 50 with registration fee of Rs. 500/- for all categories of participants. Shared accommodation in the hostel rooms, food, snacks and registration kit will be provided at free of cost. No TA is provided and registration amount is to be deposited to the given Bank account number. Send duly filled scanned registration form along with acknowledgement of bank copy to the below email address. Spot registrations are not offered. Shortlisted applicants will be intimated through email.

Account Number: 6209894690

Account name: Department of ECE Association

Branch name: Indian bank, Tadepalligudem

IFSC Code: IDIB000T001

E-Mail: hodece@sasi.ac.in

A certificate of participation will be issued to all the participants after successful completion of the program.

Last date for registration 23-10-2017

Note: Brochure & registration form can also be downloaded from our college Website:

5th December 2017

Organized By

**Department of Electronics & Communication
Engineering**

In association with IEEE

ABOUT THE INSTITUTE:

Rajeev Gandhi Memorial College of Engineering & Technology (RGM CET), NANDYAL was established in the year 1995 as the first private engineering college under JNTU. RGM CET is playing significant role in imparting technologies education in the state of Andhra Pradesh. The Institution is offering 06 UG (B.Tech) Programmes viz., CE, EEE, ECE, CSE, IT and ME, 07 M.Tech, MCA & MBA Programmes. It also offering Ph.D in 9 Departments.

ABOUT THE DEPARTMENT:

The department of ECE offers U.G, P.G & Ph.D Courses with an intake of 240, 36 and 02 respectively. It has excellent Infrastructural facilities and well equipped laboratories, audio visuals and software tools. Right from the inception, the department works with an objective to provide the best quality technical education at graduate and post graduate levels. In addition to this the department also encourages R & D, Consultancy and interaction with industry to achieve academic excellence.

Major Workshop Contents:

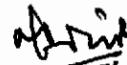

1. Review of fundamentals of digital communication, 5G Protocols
2. Cognitive radio technology for 5G networks, SDR.
3. OFDM Technology for MIMO systems
4. Channel estimation techniques
5. Dynamic channel/-spectrum management.
6. Fundamentals of speech and image processing
7. Speech processing applications in mobile environment-
8. Signal and image processing with deep learning techniques.
9. Signal processing algorithms for wireless communications.

ONE DAY WORKSHOP

ON

Recent Advances in Signal Processing and
Communication

5th December 2017

Organized By

Department of Electronics & Communication
Engineering

In association with IEEE

ABOUT THE INSTITUTE:

Rajeev Gandhi Memorial College of Engineering & Technology (RGM CET), NANDYAL was established in the year 1995 as the first private engineering college under JNTU. RGM CET is playing significant role in imparting technologies education in the state of Andhra Pradesh. The Institution is offering 06 UG (B.Tech) Programmes viz., CE, EEE, ECE, CSE, IT and ME, 07 M.Tech, MCA & MBA Programmes. It also offering Ph.D in 9 Departments.

ABOUT THE DEPARTMENT:

The department of ECE offers U.G, P.G & Ph.D Courses with an intake of 240, 36 and 02 respectively. It has excellent Infrastructural facilities and well equipped laboratories, audio visuals and software tools. Right from the inception, the department works with an objective to provide the best quality technical education at graduate and post graduate levels. In addition to this the department also encourages R & D, Consultancy and interaction with industry to achieve academic excellence.

Major Workshop Contents.

1. Review of fundamentals of digital communication, 5G Protocols
2. Cognitive radio technology for 5G networks, SDR.
3. OFDM Technology for MIMO systems
4. Channel estimation techniques
5. Dynamic channel/-spectrum management.
6. Fundamentals of speech and image processing
7. Speech processing applications in mobile environment-
8. Signal and image processing with deep learning techniques.
9. Signal processing algorithms for wireless communications.

Mr. V. Sudheer, Asst. Prof., Dept. of EEE, KLEF
Mr. S. Palani Kumar, Asst. Prof., Dept. of EEE, KLEF

Location

The KLEF is located at Greenfields, Vaddesewaram, Guntur District, Andhra Pradesh in 100 Acre green campus abutting Buckingham Canal, about 9 Km from Vijayawada Railway Station and Bus Stand. Vijayawada is located on bank of river Krishna in the state of Andhra Pradesh. The city is well connected by National Highways and Railway with Chennai (440 Km), Hyderabad (275 Km), Vizag (385 Km). The city is main junction for trains running from north to south India. We have daily flights to Vijayawada (Gannavaram Airport) from cities Hyderabad, Chennai and Bangalore.

A Two-Day National Workshop on Smart & Green Technologies for Sustainable Energy (NWSGTSE-2k17)

19th-20th December, 2017

- Workshop on the following topics:
 - Application of VAC-HVDC for tapping the offshore wind energy
 - Smart Grid and Microgrid Automation
 - Vision for Power and Energy Education for the Next 50 Years
 - Smart Grid and Renewable Energy

Resource Persons

Dr. K. R. Padiyar
Former Professor
IISc Bangalore

- B.E. from Poona University in 1962
- M.E. from IISc Bangalore in 1964
- Ph.D. from University of Waterloo, Canada in 1972
- Former Professor of IISc Bangalore
- Former Professor of IIT Kanpur
- Areas of Expertise: HVDC and FACTS, Power System Stability and Control
- Publications: 200 papers and 5 books on HVDC, PSD, Subsynchronous Resonance in power systems

Dr. SS (Mani) Venkata
Former Professor,
University of Washington,
USA

- M.Tech. from IIT, Madras in 1965
- Ph.D. from University of South Carolina-Columbia in 1971
- Served as Principal Scientist / Director of Distributed Energy Resources Management Systems at Alstom Grid Inc. Alstom Grid Inc. University of South Carolina-Columbia
- Major contribution for Smart Grid Technology: Innovation, Research and Development, Training and Mentoring, promote Alstom Grid activities at international conference meetings.

Dr. DVSS Siva Sarmia
Professor
Dept of EEE, NIT Warangal

- Areas of Expertise: Power System Protection, Power Quality, Power system Automation
- Consultancy: Design and wetting of electromechanical systems, optimization of transformer oil clearance.
- Active involvement in developing pedagogy methods and video lectures for the course HVDC Transmission.

About KLEF

The KLEF is situated in a spacious 60-acre campus on the banks of Buckingham canal of river Krishna near Vijayawada city in the emerging capital region of Amaravati. The KLEF is a pioneer in the field of education and research. It was established as K L College of Engineering in year 1980. The college was made autonomous in the year 2006 and accorded the status of a deemed university in 2009.

The university offers Ten B.Tech programs in engineering, three in non-engineering stream. Eleven five-year integrated degree programs and twelve 2-year M.Tech. programs. It also offers full-time / part-time Ph.D. programs in engineering / commerce/ management and sciences. The University has five laboratories built in collaboration with industrial organizations like IBM, Microsoft, CISCO, Oracle and Altair Engg. It has four advanced research centers on Robotics, Embedded Systems, Bio-processing and Microwave & Antennas with a view to train the young to become highly qualified and innovative engineers.

About the Department

The Department of Electrical and Electronics Engineering has highly qualified and experienced faculty. The department offers B.Tech and M.Tech programmes with specialization in Power Systems and in Power Electronics & Drives. The department also offers part-time and full-time Ph.D programme where scholars are working on topics with wide research base. The department has five research projects sponsored by DST-SERB. Department faculty filed four patents of them three are published. Nine books published by the department faculty.

About the Workshop

The old Vertically Integrated Utility (VIU) system has drawbacks like lack of competition and customer choice in the electricity market. As a remedy, the power system was deregulated or restructured three decades ago to unbundle the system and to create the competition among the electricity market participants.

As security and reliability are the two major key issues in the present deregulated power system. Smart grid technologies came into picture and playing a vital role. With the large penetration of green energy resources like solar panels, wind turbines and micro turbines

along with the bidirectional resources like batteries and super capacitors, power quality demanded greater attention. A micro-grid, consisting of green energy resources and interruptible loads brought in large power electronic devices in to the systems and their dominance posed quite some problems to the system operator both during the operation of the micro-grid with the mega grid and the autonomous operation of the former.

Registration:

- Registration form can be downloaded from the link <https://www.kluniversity.in/eee/>
- Remittance/Wire transfer details:
 - Name of the account: Registrar K L University
 - Account No: 62310916292

Sub: Request for reimbursement of amount paid towards Two-Day National Level Workshop attended -Reg

Respected sir,

I S.Seetharamudu working as Assistant Professor in the Department of EEE in our Institution. Sir, I had attended a Two Day National Level Workshop on "Smart & Green Technologies for sustainable Energy (NWSGTSE-2K17)" organized by Department of Electrical & Electronics Engineering, KL University-Guntur held on 19-12-2017 to 20-12-2017. Here I'm requesting you provide the reimbursement amount of Rs.2000/- towards registration fee. So please kindly accept my request and provide sanction registration fee amount.

Thanking you sir,

Forward to
Principal sir
for consideration

Respected sir,

Sub: Mr J David Sukeerthi Kumar, Dept of CSE – Submission of all FDPs attended with proofs during Lockdown period – Request to reimburse the amount paid towards registration fee – Reg.

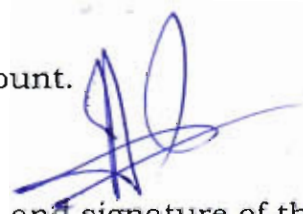

I have attended the following FDPs/ Certificate programs during the lock down period to enhance my knowledge, in turn this is helpful to the students while teaching, projects guiding etc. In this connection I have paid Rs.375/- (Rupees three hundred and seventy five only), for attending the following FDPs. The details are:

Sl no	No of days	Dates	Name of the Program	Title of the program	Name of the Organizing college	Amount paid	Remarks
1	6 Days	11-05-2020 to 16-05-2020	Online FDP	ICT TOOLS	Sree Vidyanikethan Engineering College, Tirupati.	375	
Total						375/-	

(Rupees three hundred and seventy five only),

This is for your kind concern and to reimburse the amount.

Thanking you sir
